- Trusted by Fortune 100, PE-backed, & public-sector clients
- Deep regulated industry expertise
- Rapid 30/60/90 day executive onboarding
- Agile, high-impact consulting team

Past Performance

- **State of Oregon - OHA/OIS:** Led PMO and enterprise modernization for a \$350M healthcare and insurance transformation program. Delivered compliance and regulatory readiness across Medicaid and federal partner systems (CMS, Medicare, USDA FNS SNAP), implemented Stage-Gate governance, PMO standards and maturity improvements, risk management, IV&V; oversight, UAT management, and comprehensive documentation plans, project advisory, and vendor selection/management.
- **Nike:** Directed global supply chain transformation, ERP modernization, and multi-continent vendor integration. Oversaw GCC rollout for unified platform adoption and compliance alignment.
- **MedTech & HealthTech Clients:** Executed FHIR integration strategies, HIPAA/21 CFR Part 11 compliance readiness, SaMD product development, and clinical go-to-market acceleration.
- **Manufacturing - Print-on-Demand, Packaging & Systems:** Modernized production workflows, aligned ERP/manufacturing systems, ensured factory-level compliance, and integrated global vendor networks for just-in-time operations.
- **Select Confidential M&A; - Private Equity:** Delivered interim CxO services and executive advisory for post-acquisition integration, compliance controls, cross-portfolio system alignment, and risk reduction for multi-national investment holdings.
